

FOREST GLEN PUBLIC SCHOOL presents:

GROWING BODIES OPEN MINDS

Presentation – February 26, 2014

Dreading having "the Talk?"

Sighing in relief that you don't have to yet?

Actually, you do. Now.

Human Sexuality is so much more than just the awkward-to-explain "Act." It involves speaking correct language, offering age-appropriate knowledge and setting the stage for positive self-awareness in the wider world.

With humour and realism, Public Health Nurse Mary Hall, guides parents in healthy, continual dialogue with your child. Whether puberty is around the corner or years away, whether you are confident or cringe, this evening seminar is an important parenting tool in raising and guiding today's youth.

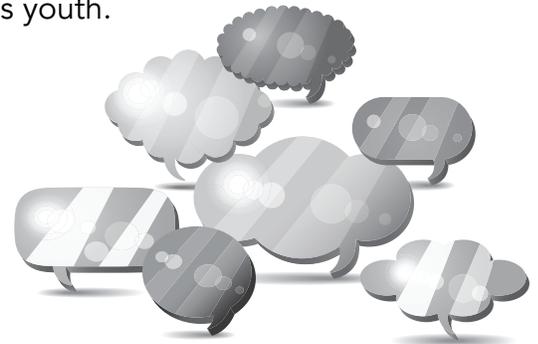

When: Wednesday February 26, 2014

Time: 7 - 9 pm

Where: Forest Glen Public School Library

If you talk to your kids when they're young and honest, they'll talk to you when they're teens and questioning.

Please RSVP by Friday, February 21st

Please fill out the bottom of this page and return it to your child's homeroom teacher so that we have an idea of how many parents to expect at the presentation. Thank you!
